Attend the 7th annual Exercise is Medicine Europe (EIEIM) at the **Medical University of Warsaw**, one of the oldest medical schools in Poland. **The European 'Exercise is Medicine' (EIEIM)** campaign aims to integrate physical activity into the European healthcare system with the ultimate goal to encourage a healthy lifestyle among all Europeans. Exercise is Medicine® (EIM) is a global initiative! Launched by the American College of Sports Medicine in 2007, EIM now has a presence in several countries around the globe.

The Annual Meeting is for all exercise and health professionals. We are planning an exciting programme with acknowledged international experts. The meeting will be organized by the Universities of Ulm/Germany (Prof. Dr. Jürgen Steinacker) and Warsaw/Poland (Dr. Anna Plucik-Mrozek).
