

## Inquiry from medical colleagues at the Center for Rare Diseases Ulm

---

Name of the practice / clinic

---

Specialization (colleagues responsible for the patient)

---

Title, first name, first name

---

Telephone number / e-mail (direct extension of the referring physician for queries)

### Contactability of the referring physician

Weekday	Monday	Tuesday	Wednesday	Thursday	Friday
Time					

**Please send us a manageable and complete bundle (sorted chronologically) of relevant examination results that support your suspicion of a rare disease. In the case of repeated findings, send us only recent findings, except for clearly pathological results.**

- I. Has the registration form at a center been carefully completed and signed by you as the referring physician?  
*Bitte bei allen Felder auf die Fragestellung bezogen sorgfältig antworten.*  
 Yes  / No
  
- II. Was the medical history questionnaire completed and discussed with the patient?  
 Yes  / No
  
- III. Has a comprehensive basic diagnosis already been carried out? ?  
 Yes  / No
  
- IV. As the treating family doctor and / or specialist, do you keep an inquiry to our center for advice? Has an inquiry already been made to another center? If so, please wait for this result. We ask for your attention: Our center only has limited resources and the double burden of commissioning other centers in the form of such extensive case processing should be avoided.  
 Yes  / No

V. *Has an inquiry already been made to another center? If so, please wait for this result. We ask for your attention: Our center only has limited resources and the double burden of commissioning other centers in the form of such extensive case processing should be avoided.*

Yes  / No

VI. Have you checked in advance whether a center close to home is available for your patient?

Yes / No

If no, an inquiry under the required center specifications is welcome.

VII. Did you review our expertise at the center beforehand? You can find an overview here:
